

# Your voice matters.

## Join us for a Community Conversation around Mental Well-Being.

Participants will help identify what helps you to feel well, and what barriers or conditions cause you to not feel well. Then we will brainstorm ideas for solutions and prioritize a community action plan for improved mental well-being. The information gathered will remain anonymous and will be utilized to improve strategies and services at Horizon Public Health and their community partners.

Compensation of \$50 is available to be mailed to you following the session (limited on a first come first serve basis). Registration is recommended, but not required.
